EN

ERN-EYE

is a network dedicated to Rare Eye Diseases, the leading cause of visual impairment and blindness in children and young adults in Europe.

24 ERNs for all Rare Diseases

~ 7000
Rare Diseases

Improve Healthcare
pathway

Patient groups involved
in governance

-  Full members
-  Affiliated partners
-  HUB
-  Supporting partners

ERNs are European reference networks developed by the European Commission, bringing together expert hospitals across Europe to improve access to highly specialised healthcare.

The ERN-EYE network

52 Full Members

>900
Rare Eye Diseases

6 main axes dedicated to Rare Eye Diseases :

Paediatric Ophthalmology

Retinal

Neuro-ophthalmology

Anterior segment

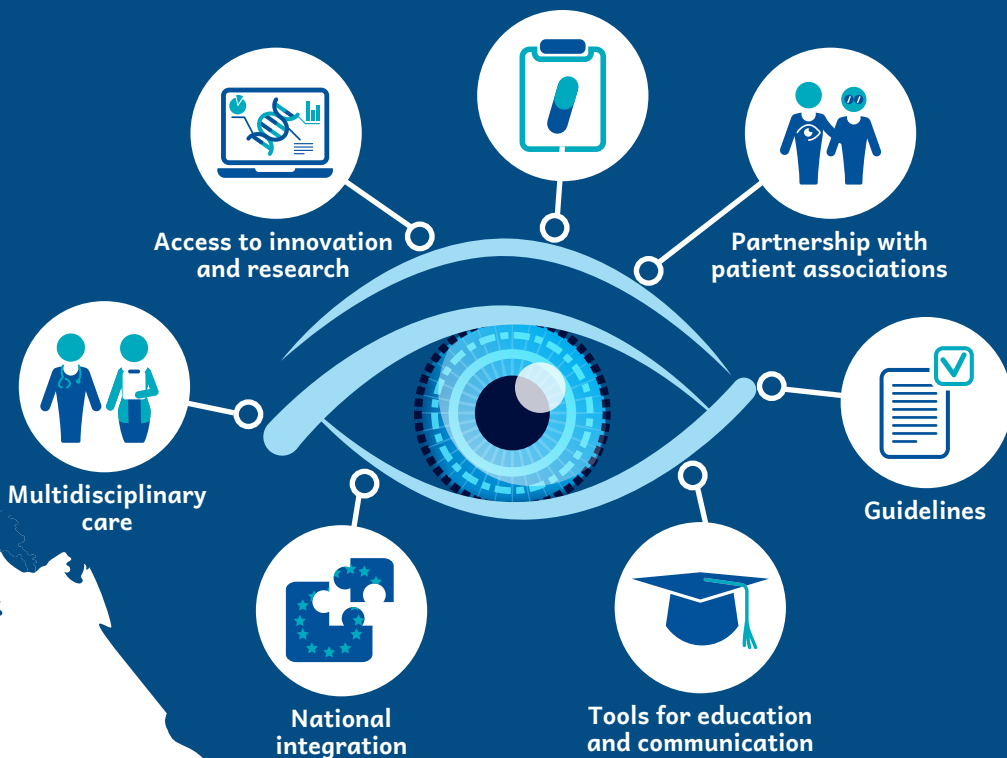

Genetic Testing

Low vision

Clinical trials

Clinical virtual care

One of the Networks main aim is the development of a virtual clinic to facilitate crossborder dissemination of expertise.
