Vous ne disposez d'aucun appareil

- EU Login Mobile App (Android): <https://play.google.com/store/apps/details?id=eu.europa.ec.ecas>
- EU Login Mobile App (iOS/iPadOS): <https://apps.apple.com/be/app/eu-login/id1056119441>

Step-by-step installation guide : [click here](#)

Video tutorial : [click here](#)

Add your cellphone

EU login supports a variety of verification methods. Using a password is the simplest one.

But a lot of applications uses an additional verification method. (i.e. two-factor authentication)

It involves using an additional device which can provide more security. This is your **cellphone**.

EU Login App

As a prerequisite, please download the **EU Login App on your mobile phone.**

The EU Login App is an application that you can install on your mobile device from the Google Play Store (Android) or the App Store (iOS). **We will need it later in this tutorial.**

- EU Login Mobile App (Android): <https://play.google.com/store/apps/details?id=eu.europa.ec.ecas>
- EU Login Mobile App (iOS/iPadOS): <https://apps.apple.com/be/app/eu-login/id1056119441>

Add your cellphone

In order to use the EU Login app for authentication, **you will have to add your smartphone** on your EU Login account .

To do so, please open a browser and go to the following URL: <https://ecas.ec.europa.eu/cas>
Then sign in to continue .
Please select “Password” as a verification method.

Password

[Lost your password?](#)

Choose your verification method

	<p>Password</p> <p>Authenticate to EU Login with only your password.</p>	
--	---	--

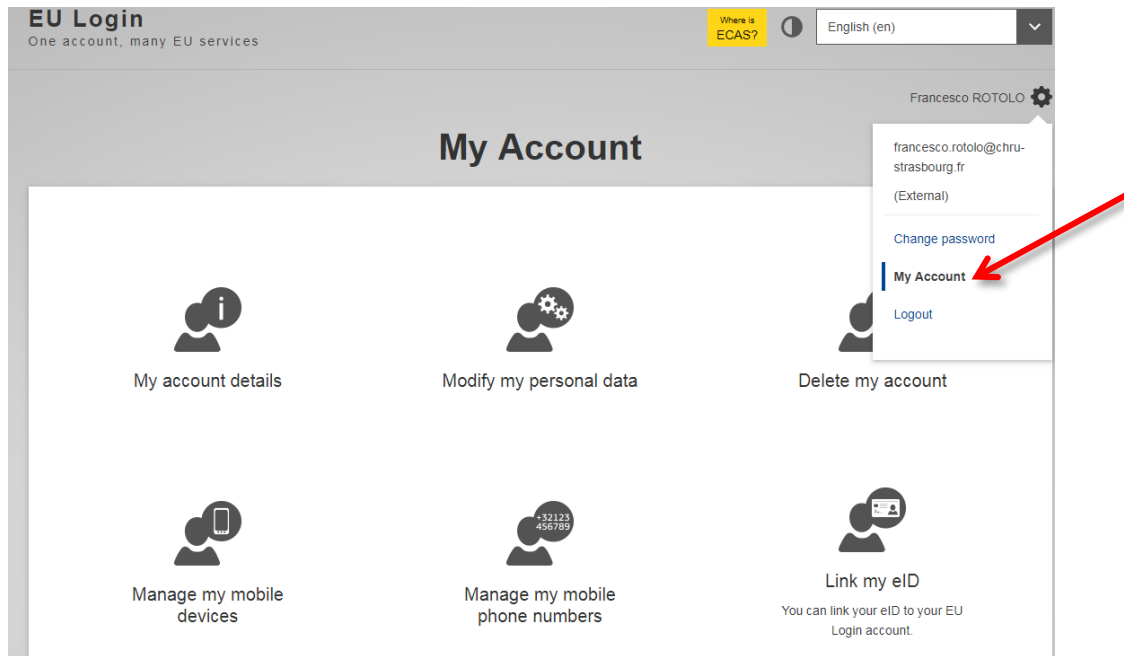

Sign in

Once done, click on “Sign in”.

Add your cellphone

Once successfully authenticated, move the mouse over the gear at the top right corner to display the menu and select "My Account".

Add your cellphone

Click on "Manage my mobile device".

 - Change password
 - My Account**
 - Logout
- My account details
- Modify my personal data
- Delete my account
- Manage my mobile devices**
- Manage my mobile phone numbers
- Link my eID
You can link your eID to your EU Login account.

Add your cellphone

Please fill in all required fields, namely :

The device name: For example: « My Eyephone »

A 4 digit PIN code: Choose a 4 digits PIN code but keep in mind **that you will have to remember it** for connection using the EU Login Mobile App PIN code method.

The confirmation of your PIN code: Once all fields are completed click on 

Please give a name to identify your mobile device and a PIN code to use for it.

Your device name

Your 4 digit PIN code

You will be required to enter this PIN code on your mobile device to use the EU Login mobile app.

Confirm your PIN code

 Submit

 Cancel

Add your cellphone

A QR code is now displayed on screen,

You will need to scan it with your smartphone using the EU Login Mobile App.

EU Login Mobile App

As mentioned, now you have to use the **EU Login App**.

As a reminder, the EU Login App is an application that you can install on your mobile device from the Google Play Store (Android) or the App Store (iOS).

- EU Login Mobile App (Android): <https://play.google.com/store/apps/details?id=eu.europa.ec.ecas>
- EU Login Mobile App (iOS/iPadOS): <https://apps.apple.com/be/app/eu-login/id1056119441>

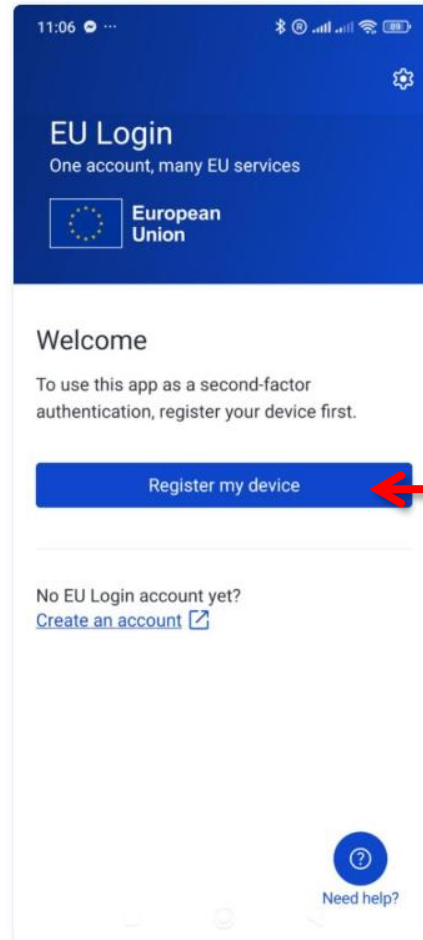

Once installed, please open the App on your Smartphone.

Add your cellphone

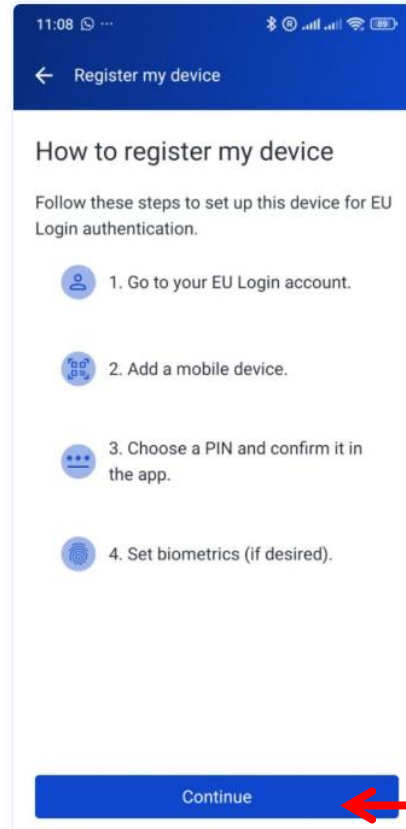

Once opened, you'll see the **"Welcome"** screen.

Tap **"Register my device"** to start the setup.

Add your cellphone

The app presents an overview of the registration steps:

- Go to your EU Login account.
- Add a mobile device.
- Choose a PIN.
- Set biometrics (optional).

Tap **"Continue"**.

Add your cellphone

14:37

← Register my device

Step 1

EU Login account

1. Log in: [EU Login](#)

2. Click on the **cogwheel** (top right) > **Settings** > **My Account**.

3. Select **Manage my mobile devices**.

4. Click on **Add a mobile device**.

5. Enter a **device name** (no spaces), choose a **PIN**, and click on Submit.

Continue

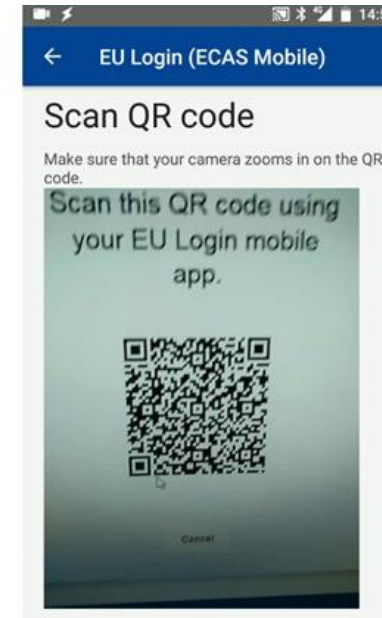

Tap "**Continue**" again.

Add your cellphone

Scan

The application will activate the camera on your phone and you need to scan the QR code. (Depending on your settings, you may need to authorize the application to use the camera.)

Point the camera of your mobile phone to your PC screen until the QR code is recognised.

Add your cellphone

When the application recognized the QR code, you are asked to enter the PIN code you selected when registering your device.

Enter your PIN code

14:53 ...

← Register my device

Step 3

Choose a PIN code

Enter your 4 digit PIN code *

Confirm your 4 digit PIN code *
